

GASTROCAP

DISPERSABLE POWDER

GASTROCAP is an specific antidiarrhoeal that combats the diarrhoea symptoms providing a rapid recovery to a healthy situation.

GASTROCAP produces a coating of the intestinal epithelium that prevents irritation or erosion by potentially harmful substances, which are present in the intestinal lumen decreasing intestinal motility, with a major constipating effect.

COMPOSITION

Kaolin	50 g
Pectin	2 g
Calcium carbonate	47,98 g
Excipient to	100 g

INDICATIONS

GASTROCAP is indicated for the symptomatic treatment of diarrhoea in cattle, sheep and pigs. When diarrhoea is caused by bacteria, fungi or protozoa, a simultaneous treatment based on antibiotics or chemotherapics should be administered.

DOSAGE AND ADMINISTRATION ROUTE

Oral route.

Dissolve in a sufficient quantity of water or add to milk.

Bovine, ovine and swine:

- Animals of more than 80 kg: 40 g of GASTROCAP per head, twice a day.
- Animals from 40 to 80 kg: 20 g of GASTROCAP per head, twice a day.
- Animals from 20 to 40 kg: 10 g of GASTROCAP per head, twice a day.
- Animals from 5 to 20 kg: From 3 to 5 g of GASTROCAP per head, twice a day.

Treatment should be administered a maximum of 3 to 4 days.

WITHDRAWAL PERIOD

Not required.

PRESENTATION

Bags of 1 kg in containers of 20 kg
