

SUPERSAN SOLUBLE

ORAL SOLUTION

SUPERSAN SOLUBLE is a supplement of aminoacids and vitamins for ruminants, pigs, rabbits and birds.

Increases growth, development and production, and reduces frequency and severity of many infectious diseases.

The protein hydrolysate supplements the diet in certain conditions of a very high protein intake, a requirement which cannot be accomplished with ordinary foods.

COMPOSITION

Vitamin A	600,000 IU
Vitamin D ₃	50,000 IU
Vitamin E	100 mg
Vitamin B ₁	100 mg
Vitamin B ₂	100 mg
Vitamin B ₆	200 mg
Vitamin B ₁₂	1.5 mg
Vitamin K	200 mg
Calcium pantothenate	500 mg
Nicotinic acid	1 g
Protein hydrolysate	10 g
Excipient to	100 ml

INDICATIONS

SUPERSAN SOLUBLE is indicated in cases of stress, convalescence, loss of appetite, underdeveloped animals, decreased organic defences against infection, gestation, lactation and illness, after vaccination and transport, male sexual frigidity, artificial feeding in suckling animals and hepatic insufficiency.
